**UAs: 263C, N436, N503, N504, N703, N704**

**USAMMA POC: Customer Relationship Management 301-619-1288/4301 - DSN 343-1288/4301**

**UNIT PRICE: \$216.00**

**System Description:** The 1550-SD offers a two-pan design based on the classic Roberval balance principle. Ohaus Harvard Trip balances feature the additional advantages of magnetic damping, beams with sliding weights, and a variety of weighing platforms. Commonly used for comparative weighing to determine the difference in mass between two objects, rather than their absolute value, these balances come equipped with built-in sliding masses. Precision-engineered for years of maintenance-free laboratory use, Harvard Trip balances are known for their accuracy and durability.

**Features:**

- Highly versatile and rugged
- Two-pan design ideal for comparative weighing
- Built-in sliding masses
